"Full Stack Developer with 1.5 years of experience in **MERN** stack, specializing in scalable web solutions using **React**, **Node.js**, **Express.js**, and **MongoDB**."

## SKILLS

- **Programming Languages:** Proficient in **JavaScript**, **HTML**, and **CSS**, ensuring robust and scalable development.
- **Web Development:** Extensive experience in **MERN** stack, specializing in building responsive, high-performance **frontend** and **backend** applications.
- **Frameworks & Libraries:** Expertise in **Next.js**, **React**, **Node.js**, and **Express.js** for developing dynamic and efficient web solutions.
- **Database Management:** Skilled in **MongoDB** and **SQL**, with strong **data modelling** and optimization capabilities.
- **API Development:** Hands-on experience in designing and integrating **RESTful APIs**, enhancing system interoperability.
- **Version Control:** Well-versed in **Git** and **GitHub**, ensuring seamless collaboration and code management.
- **UI/UX Design:** Knowledgeable in **Figma** and user-centered **design principles** to create intuitive and engaging interfaces.
- **Agile & Project Management:** Familiar with **Agile** methodologies, **Scrum**, and tools like **Jira** to drive efficient development cycles.
- **Problem-Solving & Debugging:** Strong analytical and troubleshooting skills, ensuring **optimal performance** and **minimal downtime**.

## EXPERIENCE

**Iman Tech Solutions** - present

**Intern** - Full Stack Developer

**Telugu Quran Project** - [In Progress]

Currently developing a platform for accessing the Quran in Telugu, focusing on intuitive navigation and accurate translations. Using Next.js and Tailwind CSS, I'm implementing secure authentication and real-time updates, integrating APIs for smooth performance. Targeting a 25% reduction in access time and a 30% increase in user engagement upon completion.

**The Hacking School** - SEP 2023

**Academic Project** - Full Stack Developer

**Rent My Property** - Property Listing Page

Designed and developed a property listing page to enhance the user experience for renting properties. Leveraged the MERN stack to create a responsive interface and integrated Google Sign-In for seamless user authentication. Focused on efficient data management and implemented features that resulted in a 30% increase in user engagement and improved listing visibility.

## EDUCATION

**The Hacking School, Hyderabad**

Certification in Full Stack Development

**Acharya Nagarjuna University, Guntur**

Bachelors in Computer Applications.

**Aliya Junior College, Gun foundry, Hyderabad**

Intermediate in Commerce.

## HOBBIES & INTERESTS

- **Boxing:** Developed fitness and discipline through training at SCF.
- **Martial Arts:** Practice various styles for self-defense and endurance.
- **Football:** Play as a midfielder at OLH FC, fostering teamwork and competition.
